**Re: Atlantic Coast Pipeline, LLC & Dominion Transmission, Inc.
Atlantic Coast Pipeline & Supply Header Projects
Docket Nos. PF15-6-000 & PF15-5-000
Monthly Status Report: May 2015**

Dear Secretary Bose:

On November 13, 2014, the Federal Energy Regulatory Commission (Commission) approved Atlantic Coast Pipeline, LLC and Dominion Transmission, Inc. (DTI)'s request to utilize the pre-filing process for the Atlantic Coast Pipeline and Supply Header Projects (Projects).

As required under 18 CFR 157.21(f)(6), DTI, on behalf of Atlantic Coast Pipeline, LLC, and itself, hereby submits the May 2015 monthly status report for the Projects.

If you have any questions, please contact me at 866-319-3382.

Respectfully submitted,

Angela M. Woolard

Angela M. Woolard
Regulatory and Certificates Analyst III

Monthly Status Report

Page 1

The following monthly status report summarizes the activities for the Atlantic Coast Pipeline (ACP) and the Supply Header Project (SHP) for the month of **May 2015**.

I. Surveys

A. Engineering / Right-of-Ways / Facility Sites

Atlantic Coast Pipeline

- Pipeline Corridor
 - Routing surveys have been completed for approximately 74 miles in WV, 205 miles in VA, and 189 miles in NC (a combined total of approximately 468 miles or 84% of the route).
 - Civil surveys have been completed for approximately 69 miles in WV, 204 miles in VA, and 190 miles in NC (a combined total of approximately 463 miles or 83% of the route).
- Compressor Stations
 - ACP Compressor Station No. 1 – Sound study field work has been completed. Civil survey and preliminary site plan development are in progress.
 - ACP Compressor Station No. 2 – Sound study field work has been completed. Purchase option agreement is being negotiated. Civil survey will be scheduled when the purchase option agreement is signed.
 - ACP Compressor Station No. 3 – Sound study field work has been completed. Purchase option agreement was finalized with the landowner. Civil survey will be scheduled.

Supply Header Project

- Pipeline Corridor
 - Routing and civil surveys were completed for approximately 30 miles in WV (approximately 92% of the route in WV) previously.
 - Routing and civil surveys were completed for approximately 4 miles in PA (100% of the route in PA) previously.
- Compressor Stations
 - Sound study reports have been completed for Mockingbird Hill, Crayne, and JB Tonkin Compressor Stations.

B. Environmental

Atlantic Coast Pipeline

- Pipeline Corridor
 - Wetland and waterbody surveys have been completed for approximately 58 miles in WV, 199 miles in VA, and 184 miles in NC (a combined total of approximately 441 miles or 79% of the route).
 - Cultural resources surveys have been completed for approximately 58 miles in WV, 196 miles in VA, and 183 miles in NC (a combined total of approximately 437 miles or 79% of the route).
 - U.S. Army Corps of Engineers field verification is underway with the Norfolk and Wilmington districts.
 - Field surveys for several species are ongoing (cow knob salamander and state-listed salamanders in VA, state-listed plants in VA and NC, and bats in VA and NC).
- Compressor Stations
 - Wetland/waterbody and cultural resources surveys have been completed at the proposed locations for Compressor Stations 1, 2, and 3.

Supply Header Project

- Pipeline Corridor
 - Wetland and waterbody surveys have been completed for approximately 4 miles in PA (100% of the route) and approximately 28 miles in WV (approximately 86% of the route).
 - Cultural resources surveys have been completed for approximately 4 miles in PA (100% of the route) and approximately 29 miles in WV (approximately 90% of the route).
- Compressor Stations
 - Wetland/waterbody and cultural resources surveys have been completed on land adjacent to the existing J.B. Tonkin, Crayne, and Mockingbird Hill Compressor Stations.

II. Stakeholder Communications

A. Governmental Officials (Federal, State, and Local)

Atlantic Coast Pipeline

The following ACP Stakeholder Contact Table update identifies stakeholder communications with federal, state, and local officials that occurred in May 2015. Additionally, it
